

Reflective Tape Properties

FLAME RESISTANT REFLECTIVE TAPE		Backing		Domestic or Industrial wash
XM-6007C Snake				

Description

Introducing the new XM-6007C Snake Reflective Tape for high visibility clothing. With its innovative segmented Snake design, this tape provides enhanced visibility from multiple angles, increasing safety in low-light conditions.

The XM-6007C Snake tape is also designed to withstand washing at temperatures up to 50×60°C, meeting the EN 20471 standard. Additionally, the tape can be dry cleaned up to 5 times.

Product Construction

Features extra breathability due to segmented design. It is recommended to use for EN 20471 knit clothing to have safe, functional and comfortable workwear.

Product Detailed Information

Material	100% Polyester
Finish	-
Colour	Silver
Industrial wash	-
Roll, Width	50 mm
Roll, Length	100 meters
Roll, Weight	1.55 kgs

Product Certifications

NFPA 2112	-
ANSI 107	-
CSA Z96	-
EN 20471	50×60°C ISO 6330
EN 469	-
EN 15384	-
OEKO-TEX 100	Class 2
Certificate of Test	Aitex (Spain)

Shelf Life

Keep in cool dry place, with no direct sunlight. Use the product during 12 months from the date of purchase.

Care Instructions

	Wash	Machine Wash Warm, 60°C
	Bleach	Do not bleach
	Dry	Tumble Dry Low
